## Our services

Do you need help in finding the best private UK medical specialist for you or your family?

IHSN Healthcare has done the work for you by building fast-track medical solutions for patients. Our world-class medical specialists and surgeons care for patients in London.

Our medical referral pathways are focused on:

- Cancer pathways
- Prehab prescription for patients undergoing invasive surgery
- Sports orthopaedics
- Executive health screening
- Complex diagnostics and treatments

## Medical referrals *fast track*

**London - Shanghai**

## Executive health

### check up

Our **executive health and performance check-up** is an extensive package, which includes evaluation of physical health, performance health and genetic cancer screening.

Our services are tailored to clients requirements.

## Fast Track

### access

Medical services delivered in England for Chinese families based in the UK or able to visit the UK.

Our rapid response time is key for our patients as well as having a native understanding of Chinese language and culture.

## Cancer services

We understand that a cancer diagnosis can be concerning, our fast track referral programme means that we are able to link you up with leading specialists for treatment in the UK and second opinions.

We work with some of the leading UK cancer specialists, including oncologists and surgeons.

### Cancer Diagnosis

Our cancer diagnosticians are leaders in their field, and we have access to genetic cancer screening, and rapid diagnostic services via our cancer hospital partners.

### Cancer Treatment

Our cancer hospitals provide ground breaking treatment, from the newest chemotherapy and immunotherapy, to radiotherapy and innovative surgeries.

## Sports

### Orthopaedics

*Medical expertise developed for elite athletes - available to all*

Our sports medicine and orthopaedic surgeons are world-leading in their field. Delivering rapid treatment and recovery for elite athletes and patients from around the world.

Our team treats a wide range of orthopaedics ailments to ensure that you are able to remain at the top of your physical fitness.

### International status

Our surgeons are recognised internationally through work undertaken with:

- European and World Cup football
- Premier League football
- Olympics
- England Athletics
- London Marathon
